

HH CATAMARANS

PERFORMANCE. LUXURY. CARBON CONSTRUCTION.

HH55

YACHTING EVOLVED

MEET THE HH55

An exquisite balance of luxury, performance and manageability. The award-winning HH55 is an all-carbon blue water capable, fast sailing catamaran that's prepared to sail anywhere in the world. At this level, semi-custom options are abound. Choose from dual aft helms or a central forward helm inside the salon, arrange the galley and salon to suit your unique needs and pick the colors and fabrics that suit your lifestyle.

POWERED BY *EcoDrive* A PARALLEL HYBRID SYSTEM.

AFT HELM OPTION

The HH55 has been redesigned to work with a parallel diesel/electric hybrid, a large solar array on the cabin top and hydro-regeneration while sailing.

Our EcoDrive provides all the benefits of an electric boat: silent fume free motoring, instant torque for maneuvering, and hydro-regeneration while sailing; while also providing the reliability of trusty diesel engines as a back up.

For the technology shy, traditional standalone diesel engines with shaft drives are also offered.

FWD HELM OPTION

SAFETY & SHORT HAND SAILING

A robust platform that can be managed by just two people for short handed sailing. In keeping with our commitment to luxury and excellent performance, this yacht emphasizes the safety, strength and weight saving properties that only carbon can offer.

The HH55 features a curved "C" daggerboards for greater performance and a smoother ride. All sail handling is done from either the forward cockpit on the forward helm arrangement, or led aft to the twin helm stations on the aft helm boat.

BRAINS, BRAWN, & BEAUTY

A truly dual purpose yacht, poised to go further and faster, in ultimate comfort and style. Painted in our custom paint shed and hand faired to perfection, the boat reflects its surroundings like a mirror. Reverse plumb bows give the appearance of motion even at anchor.

The spacious salon flows seamlessly into the large aft cockpit with dining table, sun bed, wet bar, and barbecue. The large sliding doors open completely to one side, merging the two spaces into one expansive and inviting area in which to live and entertain.

Customization and personalization options abound with three or four cabin layouts and a multitude of interior styling options.

The HH55 really does have it all, brains, brawn, and beauty inside and out.
