

48 OPEN
OPEN A NEW HORIZON

**NAUTITECH**
ELEVATE YOUR DREAM

DON'T MISS YOUR DREAM!

When ultimate comfort is combined with elegance and the pleasure of sailing, your travels become a true dream. For this new model, Nautitech raises the standards of comfort and sensations even higher.

THE NAUTITECH TEAM

NEW HORIZON

48

ELEGANCE

A HIGH-RANGE QUALITY FINISH,
OFFERING A SOPHISTICATED INTERIOR

Unrivaled finishes, modularity and generous volumes are the keywords used in the development of the 48 OPEN. Take advantage of the quality materials and the soft and pleasant natural light thanks to the large panoramic windows providing a calm and inspiring view of the horizon. This new model of the Open range, raises the standards combining comfort and elegance to offer a unique experience of life on board.

PERFORMANCE

UNMATCHED SAILING SENSATIONS

Perfect alchemy between architecture and design for even more pleasure at the helm

Designed by MLYDG, the 48 Open benefits from the latest advances in hydrodynamic performance to ensure the best balance between performance under sail and comfort in the hulls. Nothing has been left to chance in the design of this top-of-the-range boat to combine comfort, feeling at the helm and ease of manoeuvring whatever the conditions.

The height of the bridgedeck, the slenderness of the hulls, the sail area, the control of the displacement, all these elements contribute to a well-balanced boat.

With her forward deck and her inverted bows, the 48 Open will seduce you with a resolutely modern and dynamic design. The Nautitech style is at its best on its flagship model with its distinguished hull lines and superstructure.

A combination of expertise and aesthetics that will give you a unique experience and open up new horizons.

True signature of the Open range, the double aft helm station is ideal for steering at sea and manoeuvring in marinas. A distinctive feature that offers a great view of the sails while remaining connected to the cockpit and the crew for safer sailing and more distance

OPEN

AUTHENTIC MOMENTS OF SHARING

The opening of the interior saloon to the outside is an undeniable quality of this new model. An optimized circulation and well-defined spaces will make the border between the interior and the exterior disappear to offer more space on board.

This unique concept, revisited by the designer Christophe Chedal-Anglay, takes on a new meaning by centering itself around the bar placed in the heart of the saloon and at the center of gravity of the boat.

This iconic element creates a unique living space that adapts to all moments of the day and to all lifestyles. Everyone will find their own use for the space, and all will be able to share these moments together.

Each space has its own function, in perfect harmony with you and your crew. A space which will evolve onboard with you.

Sailing on a catamaran means opening up to new horizons

This openness to the outside world is felt at sea or at anchor.

To enjoy this safety, the ergonomics of the deck layout plays a crucial role in allowing smooth movement in the cockpit and on deck. Comfortable side decks and integrated deck hatches provide unobstructed access to the forward cockpit for manoeuvring or enjoying the remarkable lounge area at sunset.

SMARTROOM

A MODULAR CATAMARAN THAT ADAPTS TO EVERY SAILING PROGRAM

SMARTROOM® FLEXIBILITY

SMARTROOM® FLEXIBILITY

Modularity, a key point

The 48 Open is unique in her modularity, but also its optimisation of space. A more personalized approach to your dream sailing adventure.

Workshop, storage, laundry room, the choice is yours, have a work space for the maintenance of your boat or for your daily leisure activities.

SMARTROOM® UTILITY

SmartRoom®

The starboard forward area has been designed to suit your lifestyle. Whether it's the Utility version, for owners going on a long adventure, or the Flexibility version, the SmartRoom® is here to meet your needs.

Office, spare bedroom for a couple or children, storage, the Flexibility SmartRoom is easily adaptable to your needs.

LAYOUTS

Guided by the desire to satisfy all navigation and lifestyle programs, five different layouts are proposed. Each project has its own configuration, which one will be yours ?

2 cabines, 2 heads + Smartroom® FLEXIBILITY

3 cabines, 3 heads, owner suite

3 cabines, 3 heads + SmartRoom® FLEXIBILITY

3 cabines, 3 heads + Smartroom® UTILITY

4 cabines, 4 heads

TECHNICAL DATA

Length overall	14,6 m / 47'9"
Beam overall	7,97 m / 26'2"
Draft	1,55 m / 5'1"
Displacement (mLC)	13,5 t / 29,768 lbs
Engine (standard)	D2-60 Volvo
Engine (option)	D2-75 Volvo
Fuel tank	2 x 300 L / 2 x 79 us gal
Water tank	2 x 300 L / 2 x 79 us gal
Cabins & Heads	2, 3 ou 4
Berths	4 à 9
Mainsail, standard	85m ² / 915 sq ft
Self-tacking Solent, standard	42,5m ² / 455 sq ft
Architect and Exterior Design	Marc Lombard Yacht Design Group
Interior Design	Christophe Chedal-Anglay Design

NAUTITECH

MAKE EXCELLENCY YOUR STANDARD

NAUTITECH CATAMARANS: 15 YEARS OF SUCCESSFUL COLLABORATION

This Nautitech 48 Open extends the concept of the Open range and will be its flagship. She benefits in particular from our firm's latest architectural developments in terms of hydrodynamic performance.

The 48 Open also benefits from the latest structural developments carried out by our firm and the Nautitech shipyard design office to obtain a solid and rigid platform whatever the sea conditions.

Many other elements very important have been carefully examined: the ergonomics of the deck layout, the ease of movement in the cockpit, and on the foredeck to manoeuvre efficiently in complete safety. The rigging of the 48 Open takes on the efficiency and simplicity of her little sisters 44 and 40 Open, with a self-tacking solent as standard, or a 130% Genoa as an option. Finally, this Nautitech 48 Open has been created in the design continuity of the 44 Open (recent winner of the European Yacht of the Year 2023/Sail Top 10) and benefits even more from the aesthetic refinements of her hull lines and superstructures.

Naval Architect

A LONG-TERM VISION PROMOTING EXCELLENCY

Running a successful shipyard is a dream come true for the team behind NAUTITECH CATAMARANS. Passion for the sea and shipbuilding is shared throughout every department, and this passion is a fundamental foundation for our company. We believe that navigation must be at the heart of a multihull's DNA. While the current market trend increasingly promotes the catamaran experience as a static one, we design boats that are remarkable when stationary and when blue water cruising. Our customers expect us to be able to sail by maximizing their experience on the water as well as the sensations felt. It is therefore imperative for us to project the future of our catamarans in solutions combining ease of use, comfort in navigation, performance, safety in all wind conditions.

Gildas LE MASSON
CEO

THE BRAND

It is in Rochefort sur Mer, the very cradle of shipbuilding and naval architecture and birthplace of Pierre Loti, that NAUTITECH CATAMARANS has anchored its activity of construction of luxury catamarans. Anyone familiar with the world of multihulls can quickly appreciate the innovative nature of NAUTITECH CATAMARANS, the first manufacturer to understand and define the very spirit of a catamaran. Nautitech were also the first to propose the concept of open living onboard, that combines the saloon and cockpit into one spacious, functional living area. Understanding how important sensations at the helm are to their customers, NAUTITECH CATAMARANS places equal emphasis on sailing ability and comfort.
